ABOUT THE WOODEN BOAT SOCIETY

The Vancouver Wooden Boat Society was founded in 1985 by a group of wooden boat enthusiasts who saw it as a way of sharing information about their hobby.

Since those early days, the Society has maintained a constant membership.

Its first boat festival was created for Expo 86 and since then the Society has participated in dozens of B.C. maritime events.

Its regular activities include events at the Britannia Heritage Shipyard, organizing educational seminars and workshops on wooden boats as well as its annual festival.
