Industry and Community
Pre-Visit Resource for Teachers

During the Industry and Community program students are given questions and activities about 6 different industries.

1. Shell Fishing   4. Railroad
2. Fur Trade   5. Lumber
3. Port   6. Oil Refining

For each industry, students handle artifacts, view historical photos and/or listen to oral histories related to the industry. Using sight, sound, touch and smell students can imagine life as a worker in that industry and learn about the impact that industry has had on Port Moody. For more information about a particular industry see the Industry Background information on our website at www.vcn.bc.ca/pmmuseum/services4a.html.

To best prepare students for their visit, discuss the concept of INDUSTRY and identify some industries that may have existed or may currently exist in your area. Have students think about the impact these industries have had on the local culture, economy and/or environment.

The following worksheet may be used before or after your visit and contains vocabulary which may be used during program.

ANSWER KEY

1. D	4. H	7. K	10. E	13. J
2. I	5. A	8. O	11. B	14. M
3. F	6. L	9. N	12. G	15. C

Vocabulary

Draw a line to match.

1. Port

2. Harbour

3. Industry

4. Peavey

5. CPR

6. Immigrant

7. Engineer

8. Telegraph

9. Refinery

10. Shell Fish

11. Freight

12. Community

13. Lumber

14. Mill
