SEPTEMBER 20, 2000
 INAUGURAL PROFESSIONAL DEVELOPMENT SEMINAR
 #####

There has been a strong response from PMPs in the Vancouver area to idea of establishing a Society of PM Professionals, and an undertaking by many of you to attend a seminar on September 20, 2000 to mark the first Professional Development Day for PM practitioners. As shown on the attached text file, we have so far received positive responses to the formation of the Society from 44 PMPs.

The seminar will go ahead. Our planning is based on 20 registrants, and we look forward to more than that; but, there is a limit on space!

Because space is limited, and because we must make commitments for food to the hotel, please reserve early. The absolute cut-off is September 15, 2000.

This event is intended for PMPs, but you may register guests who are committed to the advancement of the Profession. Practitioners who plan to become certified as PMPs, for example, are welcome.
