**Subject:** Sep 20, 2016 Seminar: Additional Workshop Leaders and Presenters Needed!

Dear Fellow PMPs,

PMPs Needed  
No prior experience is required.

Project Management Professionals are needed to serve as presenters and/or workshop leaders, for the September 20, 2016 seminar titled:

Engineering - Architectural - Construction Projects: On The Level: Best Practices, Evolving Regulatory Controls, Managing Sub-Trades, Private Public Partnerships (P3)

We are in search of two workshop leaders and one presenter

Presenters and Workshop Leaders  
~~~~~

This is an opportunity to develop your presentation and facilitation skills in a friendly group of your peers.

The subject does not have to be original. You can explain a topic from an article, book, or journal in the project management literature. However, case histories are always well received, and you can talk about your own experiences on projects.

Please contact Robert Schulz, PMP to volunteer:  
[robert@ajae.ca](mailto:robert@ajae.ca).

Please let him know by June 1, 2016 if you can.

Thanks very much. Please do not hesitate to contact me with additional questions, comments, or concerns.
